

Year 2 Homework

Out: Wednesday 10th October Due for Monday 15th October

This week the homework activity is research 5 facts about hedgehogs. Remember to record your facts in your neatest handwriting with sentences correctly punctuated. Over the next couple of weeks we will be completing a unit of work about hedgehogs. If you have any spare card board boxes, or plastic tubing at home that you could donate to school to make a hedgehog house it would be very welcome.

Please learn spellings these are in your child's book and on the website, click Spell Anywhere link.

Class times table for Monday test **x 3 times tables** for example $6 \times 3 = 18$, $8 \times 3 = 24$.

Reading 3 times at home, please ensure the yellow reading diary is completed each week, it really helps us to build a better understanding of your child's reading. We will remind your child to swap their reading books during reading group time, but they are welcome to swap on other days too.

Maths

Passport Finally the children will have their individual Passport test on Wednesday morning. Each child has been given an individual practise sheet for their target. Please practise for 2 minutes each day and record the number of correct answers in the grid at the bottom of the page.

Thank you for your support

Mrs Hawkes and Mr Williams
