

Year 6 Project Homework 24.10.18

LO: To investigate the population structure of the country.

1. Include information about the total population for the country and the population of the major cities/ towns.
2. Include a population pyramid diagram of the country to show the number or percentage of men/ women. This is an example of the UK one:

3. What are the main forms of employment? Are there any jobs that your country is renowned for?
4. Are there any major international companies located in that country e.g. Ford or Microsoft. If so where? How many people do they employ?
5. What is the average pay in the country? How does that compare with the UK?
6. What percentage of adults have a job and how many people are unemployed?
