

LITTLE SUTTON PRIMARY SCHOOL

learn, strive, succeed

28th October 2020

Dear Parents,

Advice for Child to Self-Isolate for 14 Days

Further to the email we sent out yesterday informing you that we have a confirmed positive case of coronavirus (COVID-19) in the Year 5 bubble, we have now received advice from Public Health England on the action to be taken.

Public Health England have advised that in line with national guidance all children in the Year 5 bubble must stay at home and self-isolate until Saturday 7th November 2020.

If your child is well at the end of the 14 days period of self-isolation, they should return to school on Monday 9th November 2020.

A separate letter will be sent out giving details of home learning for the 4 days your child is unable to attend school.

Other members of your household can continue normal activities provided your child does not develop symptoms within the 14 day self-isolation period. Their siblings who also attend Little Sutton Primary School should return to school on Tuesday 3rd November 2020.

Please see the link to: Guidance for contacts of people with confirmed coronavirus (COVID-19) infection who do not live with the person

<https://www.gov.uk/government/publications/guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person>

What to do if your child develops symptoms of COVID 19

If your child develops symptoms of COVID-19, they should remain at home for at least 10 days from the date when their symptoms appeared. Anyone with symptoms will be eligible for testing and this can be arranged via <https://www.nhs.uk/ask-for-a-coronavirus-test> or by calling 119 .

People who do not have symptoms should not request a test unless this has been specifically requested by Public Health England or the local authority.

All other household members who remain well must stay at home and not leave the house for 14 days. This includes anyone in your 'Support Bubble'.

The 14-day period starts from the day when the first person in the house became ill.

Household members should not go to work, school or public areas and exercise should be taken within the home. If you require help with buying groceries, other shopping or picking up medication, or walking a dog, you should ask friends or family. Alternatively, you can order your shopping online and medication by phone or online. Household members staying at home for 14 days will greatly reduce the overall amount of infection the household could pass on to others in the community

If you are able can, move any vulnerable individuals (such as the elderly and those with underlying health conditions) out of your home, to stay with friends or family for the duration of the home isolation period

Please see the link to the PHE 'Stay at Home' Guidance:

Symptoms of COVID 19

The most common symptoms of coronavirus (COVID-19) are recent onset of:

- new continuous cough and/or
- high temperature and/or
- a loss of, or change in, normal sense of taste or smell (anosmia)

For most people, coronavirus (COVID-19) will be a mild illness.

If your child does develop symptoms, you can seek advice from the nhs.uk website at <https://www.nhs.uk/conditions/coronavirus-covid-19/check-if-you-have-coronavirussymptoms/>. If you are concerned about your child's symptoms, or they are worsening you can seek advice from NHS 111 at <https://111.nhs.uk/> or by phoning 111.

How to stop COVID-19 spreading

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

Do

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards

Further Information

Further information is available at

<https://www.nhs.uk/conditions/coronavirus-covid-19/>

Please be reassured that we quickly sought guidance and informed you with the key information at the earliest opportunity. Thank you for your patience and understanding.

Yours sincerely,

Mrs R Davis.
