

Name:

Year 2 Homework

Due for: Friday 18th June

This week we have been practising tell the time in maths. We have revised o'clock and half past times as well as looking at quarter past and quarter to. Please practise telling the time using an analogue clock using the correct phrases. Next week we will focus on 5 minute intervals past and to the hour. If you are confident already practise using 5 minute intervals.

Try to look at when the children do particular things in their daily routine.

Take note of the time they do these activities.

e.g Eat breakfast – Quarter past 8. Leave for school 25 to 9

Please learn spellings that are in your child's book and on the website, click Spell Anywhere link. The spellings this week are 'u' sound using 'o'
e.g mother

Class times table for test on Monday 14th June

3's

Reading 3 times at home, please fill in the yellow reading diary. As always, the home reading books and challenge books are available for the children to swap any day.

Your child completed their Passport challenge on Wednesday. If they were successful they will have a new Passport target to learn for next Wednesday.
