

Sport Premium Grant

Background

The Government gives substantial primary school sport funding. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and ensures money goes directly to primary school Headteachers to spend on improving the quality of sport and PE for all their children.

The purpose of the funding is that schools spend the sport funding in order to improve their provision of PE and sport, but they have the freedom to choose how they do this.

This means that schools use the premium to:

- Develop or add to the PE and sport activities that your school already offers
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

There are 5 key indicators that schools should expect to see improvement across:

- The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- The profile of PE and sport is raised across the school as a tool for whole-school improvement
- Increased confidence, knowledge and skills of all staff in teaching PE and sport
- Broader experience of a range of sports and activities offered to all pupils
- Increased participation in competitive sport

For example, schools can use their funding to:

- Provide staff with professional development, mentoring, training and resources to help them teach PE and sport more effectively
- Hire qualified sports coaches to work with teachers to enhance or extend current opportunities
- Introduce new sports, dance or other activities to encourage more pupils to take up sport and physical activities
- Support and involve the least active children by providing targeted activities, and running or extending school sports and holiday clubs

- Enter or run more sport competitions
- Partner with other schools to run sports activities and clubs
- Increase pupils' participation in the School Games
- Encourage pupils to take on leadership or volunteer roles that support sport and physical activity within the school
- Provide additional swimming provision targeted to pupils not able to meet the swimming requirements of the national curriculum
- Embed physical activity into the school day through active travel to and from school, active playgrounds and active teaching

Allocation

Funding for schools will be calculated by the number of primary aged pupils (between the ages of 5 and 11) as at the annual census in January.

Funding Period

The sport funding will be paid for the academic year 2021/22.

Accountability

Schools will be held to account for how they spend the sport funding. Ofsted has strengthened its coverage of sport and PE within the Inspectors' Handbook and supporting guidance, so that schools and inspectors know how sport and PE will be assessed in future as part of the school's overall provision offered. Ofsted assesses how primary schools use the primary PE and sport premium. They measure its impact on pupil outcomes, and how effectively governors hold school leaders to account for this.

The Leadership Team at Little Sutton will regularly monitor and assess the impact of the funding and report back to the Governing Body.

Academic year 2020/21 (until August 2021)

Spending:

The school received a grant of £19,620, (consisting of £16,000 standard grant plus £10 per pupil) for primary school sports in the academic year 2020/21. We used the funding to support the provision of improved quality of sports and PE for all pupils. Unfortunately, due to COVID, our plans had to be changed. For example, Sporting fixtures were unable to go ahead and sports coaches could not visit the school. However, we were able to use the funding to improve the sports equipment within school to encourage and enable the pupils to be more active in the playgrounds.

Expenditure of Funding: Activities selected	Cost (£)
Football equipment	£380.34
Playtime sports equipment	£150
Goals	£372
Play equipment Trim Trail	£23500
Netball Posts	£245
Resources	£12.48
Total	£24,659. 82

Impact

Expenditure	Impact
Football Equipment and goals	This enabled the pupils to play football within school. It encouraged more participation in a sport during playtimes. It enabled football to be taught within PE lessons.
Playtime sports equipment	It encouraged more participation in a sport during playtimes.
Play equipment trim trail	This has provided the pupils with an active trim trail in the playground. The pupils play and climb on the equipment which enables them to be more active at playtimes.
Netball Posts	This has increased participation in competitive sport and healthy activity of pupils in the wider community. It has enabled the children to develop

resilience, communication and leadership skills, an understanding of importance of teamwork, rules and fair play. Furthermore it has engendered enthusiasm for sport and to continue this outside school and on into secondary school.

Resources

To support the quality teaching of PE

Academic year 2021/22 (until August 2022)

Spending:

The school is estimating a grant of £19,620. We expect that the school will receive £16,000 and an additional payment of £10 per pupil. This equates to £11,435 from September –March and £8,184 from April –August 2022. We have some money carried forward from the previous year which will enable us to purchase further active playground facilities.

Planned expenditure for 2021/2022

Expenditure of Funding: Activities selected	Cost (£)
PE Hub Subscription	£525
Professional coaching	£4000
Specialist Sports coaching for Gifted and Talented pupils	£1000
Professional development opportunities (courses/fees, release time)	£1000
Transport costs to sporting events	£1100
Resources	£2000
Subscription fees to Sports Partnership opportunities and competitions	£1500
Active Playgrounds	£32,000
Total	£43,025

Impact

The impact of this funding will be analysed and reviewed by the Senior Leadership Team and Governors to ensure that the most effective use of the money is achieved.
